PACKAGES

Once you've selected a package, I create an awards list, including awards I can repurpose, as a bonus, using existing content. Typically, I add an additional 2 awards per package using this approach. I map out entry fees so you know any additional costs and drill down on categories. If you enter more than 5 awards, payments are divided into monthly payments of 5, 7 or 10 months.

Annette's expertise and dedication have been instrumental in helping countless women, including myself, gain international recognition. I first met Annette at her Award Winning Luncheon on the Gold Coast in 2017, and we instantly connected over our shared experiences as mothers of sons on the autism spectrum. With Annette's guidance, I won a Gold and Silver Stevie at the International Women in Business Stevie Awards in New York that same year. Her continued support led to further successes in Las Vegas in 2022. Annette's unique approach to crafting award submissions and her unwavering encouragement make her an invaluable ally in achieving recognition on the global stage.

Iris Du, CEO, You Want Group

Over the past 2.5 years I have worked closely with Annette after learning someone actually offered the service to write award submissions for you. (before this I had spent hours pulling my hair out and taking time away from my actual business to try to do it myself). Annette took the time to personally and thoroughly understand the ins and outs of me and my business. Working with Annette we 8+ Awards including top ones within our industry, plus becoming finalist in a few more, with the information she had Annette also developed PR resources for our business and to get our name out there creating an impact in our business we could not have got by working with anyone else. Thankyou Annette for your ongoing belief and support in us, and our company!

RAVE REVIEWS

I am just writing to say thank you for the great work you have done for me and my team at Hugo Alexander Property Group over the years.

When we first met I was two years into my new business. We had sold 100% of the properties we were appointed to sell and were producing amazing results for landlords. In an industry where everyone says the same things, but few can back up what they say, we wanted a way to communicate our results to reach more people.

You encouraged us to enter awards as a way to build further authority and credibility in our industry. With your guidance and support, the first awards we entered were the Real Estate Institute of Queensland Awards. We won Best Small Agency in QLD, I was nominated as Finalist for Best Salesperson in QLD, and our Property Management Team were nominated as a Finalist for best in QLD. This would not have been possible without your help.

You then encouraged us to nominate for the Most prestigious national award in our industry. This is the REB Awards. We won Best Property Management company nationally and had more finalist nominations than any other business that year. You encouraged us again to see how the results we create for our clients compare to other real estate companies globally. So, we entered the Stevie International Business Awards. We also won Best Real Estate Agency globally. This was a huge pat on the back to our team and for our clients.

Throughout the years we have won further awards and been recognised as best in industry at state, national and global levels. This recognition has been great for our team and it is wonderful to be judged and promoted so well by our peers and industry leaders. Annette, we really appreciate all your work and support, and we are looking forward to another great year.
